What is the purpose of this research study?

The **H**air **A**dditions, **I**ngredients, and **R**isk (HAIR) Study aims to evaluate consumers' and stylists' health and safety perceptions of hair extensions and hair attachments as it relates to:

- Product use and selection
- Perceptions of product safety
- Health concerns about product ingredients

Who can participate?

- Individuals who are at least 18 years old
- Ability to speak and read English
- Either a consumer or stylist who currently or in the past used hair additions or extensions (such as braids, clip-ins, wigs, and eyelashes, etc.)

What do I need to do?

- Review and sign an online consent form
- Complete a short online survey
- Participate in a 90-minute group discussion via Zoom

Will I be compensated for my time?

At the end of the study, you will receive a \$50 electronic gift card for your time
