

## **MassHealth 2025-2026**

**Contact: Sarah Krinsky; [sarah.h.krinsky@mass.gov](mailto:sarah.h.krinsky@mass.gov)**

MassHealth is Massachusetts' Medicaid and Children's Health Insurance Program covering nearly 40% of births (roughly 25,000 births per year) in MA. Under the supervision of the Deputy Director of Perinatal and Maternal Health Policy and working closely with other teams, the student will support MassHealth's efforts to bolster holistic perinatal behavioral health care including screening, referrals, treatment, and care coordination. The specific project scope will be determined based on MassHealth's needs and the student's particular interests and skillset and may include a focus on mental health and/or substance use disorder among pregnant and postpartum members.

This project can be fully remote or hybrid at the following location: 1 Ashburton Place, Boston, MA 02108
